

# SRI DATTA SHANMUKH SAI YEDDU

## CAREER OBJECTIVE

Seeking a position in a dynamic organization to start my career and build a strong skill set

## PROJECTS

### TITLE: Social Media App Using Python Full Stack Development(PFSD)

- Developed a social media application using Python and Django for the backend, and React.js for the frontend. Implemented features such as user authentication, profile management, posting, commenting, and real-time notifications.

### TITLE: E-Commerce Website Using MERN Stack Web Development (MSWD)

- Developed a user-friendly e-commerce website using React.js, focusing on building an intuitive product browsing and shopping cart experience.
- Implemented secure API endpoints using Node.js and Express.js for product data management, user accounts, and order processing in a MERN stack e-commerce application.
- Integrated a payment gateway into a MERN stack e-commerce website, ensuring a smooth checkout process for users.
